NEWSPAPERARCHIVE®

GETTYSBURG, PAR THURSDAY, JUNE 20, 1879.

Political,-Mr. Daniel O. Barr. Pittsburg, will be the Domocratle nonince for State Treasurer. A majority of the delegates are said to be already instructed for him. He would make at excellent officer. THE Grant movement don't boom as

much as it did. They began It too early and over did it.

The customary attitude of a turkey gobbler indicates a degree of belliger-ney entirely foreign to his nature. He is a fewl who enjoys stutting, swelling and loud vociferation, but never permits himself to indulge in anything more pugnatious than insolence.—Washing for Post on Conking. ion Post on Conkling.

Another political campaign ap-

proaches and every Democrat in Adams licitor for subscribers to the Compiler. It is reported that the bounding brie, who has been traveling some months with Grant, has arrived in San Francisco. He is supposed to be the advance agent, working up the "business" for the Grant Hippodrame. He will soon be hanging up fluminated posters along the U. P. Bailroad.—Falt. desette.

The sull, in the ranks of the Grant THE split in the ranks of the Greenback party in Ohio is irreconcilable.

The state of the s

bill had been reported several days be fore, and was thoroughly debated on Tuesday. On Wednesday it came up

again, and he view of the fact that all s features were well understood, and county should be a subscriber and a so this Republican surrender as far as it

not have fought, but would have taken ligh moral ground in reply to the chailenge which he invited, and "made capital" out of being challenged by a "Tebel Brigadie." Thus he would gain the admiration of certain mean minds as a bully and of others as a marry.

Senator Lamar, however, saw Conking's game, and on Wednesday night the throat. He did it, however, with a certain calmness and grace, while Conking, enraged at his own blunder, indulged in blackguard language and "plantation manners." The New York Tribooc says of the affair: "Mr. Lamar gave Mr. Conking the lie and lies of the same surface to the precisely as westate it—that is to say, that there is a vigorous dion of further votees. We do not conjuct that this is the case; we know that the proper to state that this content on the same sources which the same sources which the same sources which the free is a sharp disagreement in the Cabinet on the question of further is a sharp disagreement in the Cabinet on the question of further votes. We do not conjuct that this is the case; we know the chair this is the case; we know to have the thing is not serious coungh to portend a Cabinet erisk and possible resignations. From the same sources which that the fact is precisely as westate it—that is to sy, that there is a vigorous dion of further votees. We do not conjuct that this is the case; we know the disgrace from power at the very first of the throat. He did it, however, with a certain calmness and grace, while Conkillant the same sources which the intention is not serious coungh to portend the partly could for a moment eaten is that its continue to says of the depth of infamy of those which that its continue to say we know the disgrace from power at the very first of the throat. by 600,000 tenants, who occurry an average of thirty-two acres each. There are 6,000 landlords, of whom 1,912 own our advantage in the second landlords, of whom 1,912 own our advantage in the second landlords. Also our advantage in the second landlords of whom 1,912 own our advantage in the second landlords. are 6,000 landlords, of whom 1,942 own our advantages to do so.

The advantages which have flowed

MANAGING A MANURE PILE.

EDS. COUNTRY GENTLEMAN—Twelve years ago I made my first experiment with manure, being then an entire stranger to everything relating to farming, and hardly able to tell clover go deeper there are still less. We may should not full to call and examine our go deeper there are still less. We may be in the most of the surface of the surfa tire stranger to everything relating to farming, and hardly able to tell clover from timothy. Hence I was willing to listen and learn from the knowing ones. Prompted by advice from such, my hardward was due out in hasin form to the face. The food in this surflux-manurative system is therefore just where the Prompted by advice from such, my bainyard was dug out in basin form to collect the manure and held the liquid portion. The result was a mud hole for mass of roots can profit by it. This is no doubt the plan. In this way the man and beast; high gum boots were surface advocates have won their vicnecessary to reach the barn, and in the tory in spite of the loss, and not because spring there was a mass of saturated straw, corn stalks, &c., to hand out, just about in the condition as when put

This is the principle on which so there, with an extra supply of water to much good has been found to flow from increase the work, tire out man and mixing dry earth with manure. It is stated that one of the best farmers of horseflesh, and feaving, after the first saint, an ugly pond of dirly, offensive water. My first experiment was set down as an entire failure, for without which he keeps dry, and that during

down as an entire failure, for without heat no decomposition or fermentation of the manure can take place, the water arresting all tendency that way.

This basin was soon filled un, and in the most satisfactor: This basin was soon filled up, and in earth is equal to another load of stable ed. The yard was arranged to allow he says would have gone into the atthe rain to pass off, and the manure pile was started. The condition of the yard was much improved, but being exposed to the falling rains and snows, the pile received different plants are shown. These are all things bearing on this posed to the falling rains and snows, the pile remained chilled all wintor, and question of deep-manuring. The soil ittle or no combistion of organic matter took place. In the spring the mannot take up much. When near the surter took place. In the spring one man, not take up nation, or not near the surure had to be hauled out as it went in, face the law comes into play. The sur-
